WORK EXPERIENCE

7-Eleven   **July 2022– September 2022**
Sales Associate   *Roselle, NJ*

- Executed payment processing for high-volume sales events, leading to a 20% increase in transaction efficiency; recognized as a top performer for accuracy, contributing to a seamless customer experience.
- Monitored inventory processes while prioritizing health and safety practices across all interactions; achieved successful completion of three comprehensive audits without any discrepancies or violations reported during quarterly evaluations.

EDUCATION

Rutgers University   **May 2026**
Bachelors of Science in Computer Science   *New brunswick, NJ*

Projects

Arrange | *Java, Typescript*   **July 2024 – Sept 2024**

- Developed a full stack scheduling and social media application using Angular, TypeScript, and JavaScript, for the frontend, and Spring boot alongside various APIs for the backend.
- Integrated the frontend and backend using RESTful APIs resulting in a seamless scheduling and social media application.
- Devised comprehensive user authentication and authorization features using JWT, enhancing security for users on Arrange.

VitalityHub | *Typescript, Java*   **April 2024 – July 2024**

- Utilized modern web development technologies such as HTML5, CSS3, and NextJs to create dynamic and interactive elements, fostering user engagement, and retention.
- Developed user-friendly interface for a fitness app, ensuring seamless navigation and intuitive design to enhance user experience.
- Implemented responsive design principles, optimizing the app for various devices and screen sizes.
